Your student record shows you have waived coverage for the plan year.

Health Coverage Options

- Campus Care Supplement**  
This option is recommended for students who already have health insurance but would also like basic primary care coverage on campus.
- Student Health Plan**  
If you don't have health insurance or want comprehensive coverage on campus, you can select the Gold Plan as well as coverage for services in the community and nationally.
- Waive All University Health Plan Coverage**  
If you already have health insurance and choose to waive the Campus Care Supplement and the Gold Plan, you can still access Wardenburg Health Center though we will not bill your health plan.

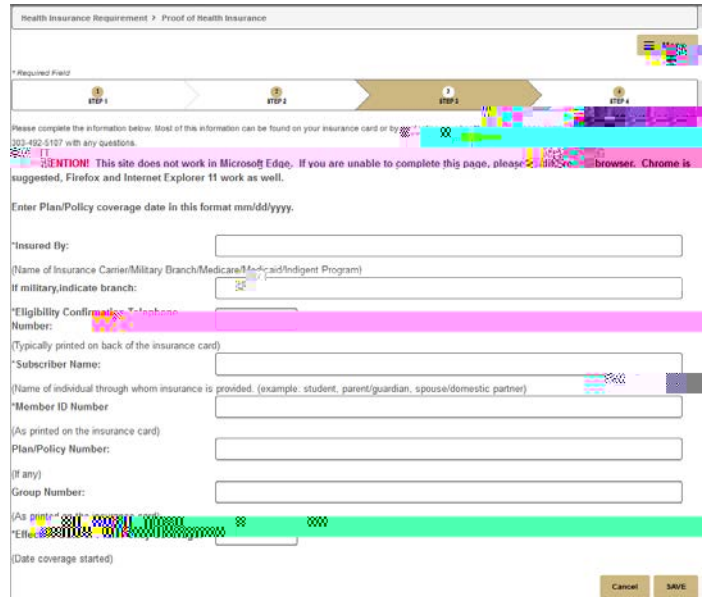

If you choose option 1 or 3 you will need to input your health insurance information on the next screen. Please have your health insurance card ready.
